Full integration services

INDUSTRIAS

Full integration services

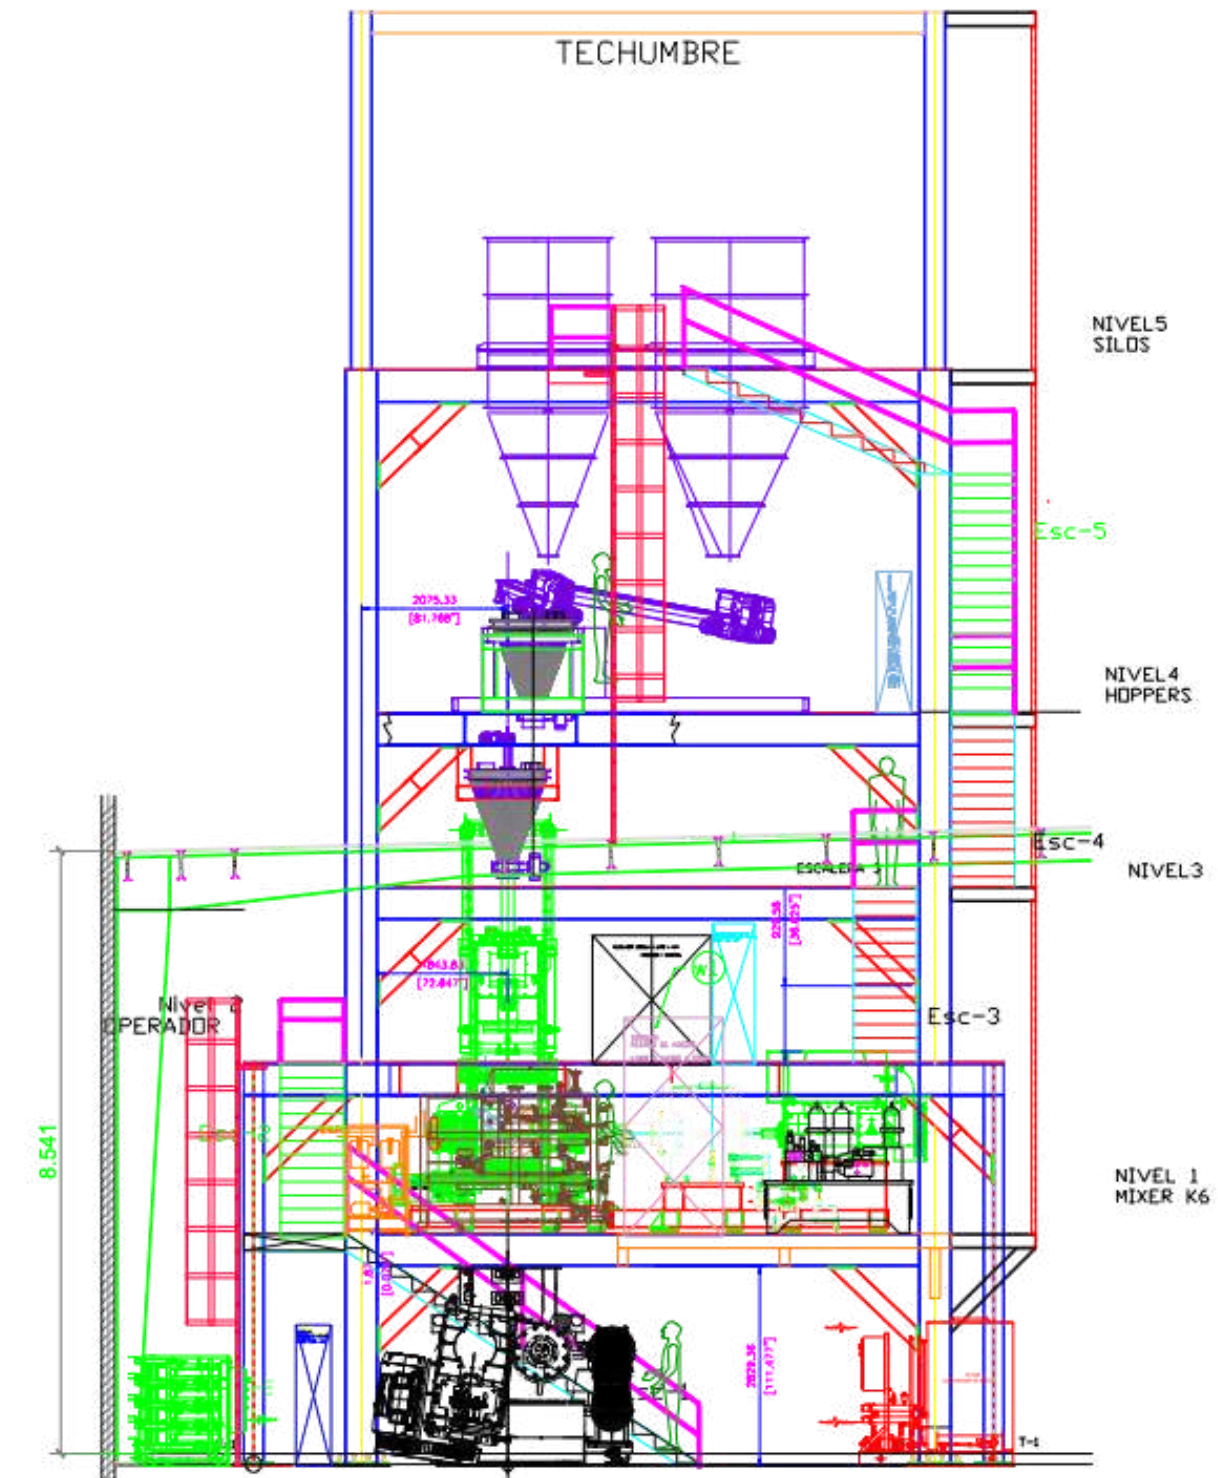

- ✓ Development of conceptual, to detailed engineering.
- ✓ Siemens , Allen Bradley, Mitsubishi, etc.
- ✓ Design, assembly and assembly of control panels.
- ✓ Control networks and instruments.
- ✓ Process engineering, mechanics, low voltage electrical and electrical control.
- ✓ Engineering for Rubber industrial services.

Complete mixing solutions

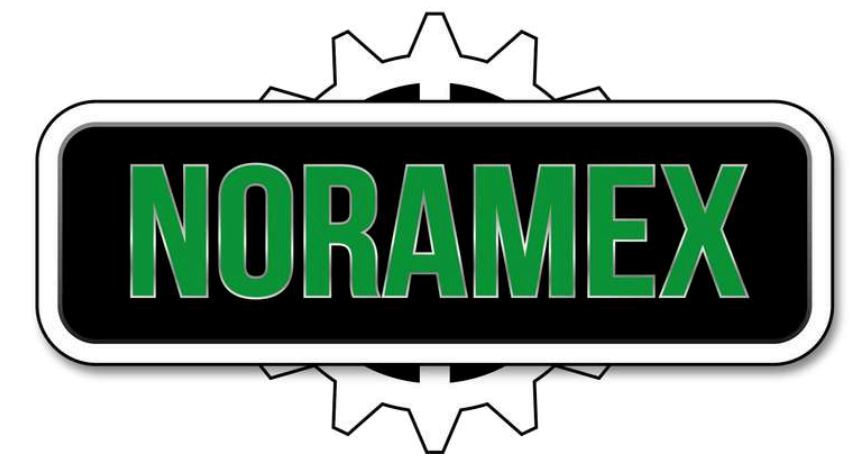

- Complete line design.
- Complete system mezanine.
- Carbon Black silos system.
- Weight hoppers Direct feed to mixer.
- Hydraulic Hopper.
- 206L Mixer.
- Control System integration.
- Oil weight system direct feed to mixer.
- Direct drop to twin screw extruder / Roller dye.
- Full automatic Batch off system.

Complete turn key mixing line

INDUSTRIAS

- Closed super bag / powder room.
- 80L 600 Hp Tilt mixer.
- Two weight hopper system.
- Carbon black weight / feed system.
- White Powders weight / feed system.
- Dump Bucket conveyor system.
- Twin screw, strip extruder.
- Batch off system.
- Oil weight and direct feed system.
- Complete line integration.
- Allen bradley controls.
- Chiller / TCU system.

Complete Turn key operations from dosing to final products

Complete Turn key operations

Support From concept design to full production

Custom projects

Custom Two Roll Mills

INDUSTRIAS

NORAMEX

- 400Hp drive.
- Stock blender.
- Hydraulic plows.
- Hydraulic Nip roll adjustment.
- Hydraulic safety quick opening rolls.
- Drilled rolls.

- Independent 200Hp drive.
- Variable ratio.
- Stock blender.
- Dual hydraulic plows.
- Mechanical Nip roll adjustment.
- Drilled rolls.
